

JAMES

1:22-27, 2:14-19

What would you do if you saw a £20 note on the floor? Pick it up and pocket it, ask around to see if anyone lost it or walk by and ignore it?

Not many of us would ignore it and this is what we are talking about today. Who we are is shown by our actions and what we believe influences our actions. If someone believes that eating cabbage every day would make them beautiful, they would eat cabbage every day. Do our actions show people we are Christians?

Do you ever find yourself saying something or doing something that one of your friends does. We become like the people we spend time with, we start to do things in ways they might do them and think in the ways they might think.

It's good for us to listen to God's word and to read our bibles, as we do this it helps us to know God more. As we spend more time with god we start to care about the things God cares about. James talks about how this will cause us to take action.

LOVE IS A VERB

DC TALK

**WHAT DO YOU
THINK GOD
WANT'S US TO
TAKE ACTION ON?**

Think about what is important to God and what you can do to make a difference.
